All riders **MUST** carry a mobile phone to contact the emergency services & event organiser in the event of an emergency. This will be checked during signing on so please have this with you. The event travels through some very remote countryside with NO MOBILE PHONE COVERAGE on parts of the course. Please do not treat your entry lightly and remember to respect the challenge. Retirements (DNF)

Riders unable to complete the event must inform the feed station operators or call the event organiser on the number provided on the day to prevent any emergency action. There will be a cut-off time for all competitors at Feed Station 1 & 3 at 16:00 (See Route Maps). No riders will be allowed to continue on the courses after this time and will be asked to follow the road back to Birdsall Estates House.

Trails and Roads

During the event there will be warning signs at appropriate points on the trails or roads. Absence of these signs does not signal that there are no dangers approaching and it is the individual rider's responsibility to make a decision regarding whether to ride a section or not. The marking of the route does not necessarily indicate that the trail or road is rideable and the participant is deemed to make their own decision about whether to proceed on bike, foot or not at all.

There are road crossings and road sections, riders must at all time adhere to traffic regulations, do not ride more than 2 abreast and ride in single file on narrow roads. Riders should take extra caution when moving from off-road to road sections by stopping and checking the route and it is each rider's responsibility to make a decision that movement is safe.

On the off-road sections please ride within your own ability and capacity to stop safely.

Toilets

There will be toilets available at the start/finish with hand wash facilities near to the refreshments area and feed station, including designated ladies/gents' toilets. Please ensure you use the hand sanitiser and wash facilities provided.

Litter

Riders are reminded to use the bins at feed stations and NOT drop litter on the course.

Refreshments, Water and Nutrition

Riders must ensure they are riding with sufficient nutrition and water to sustain themselves during the challenge event. In addition to your own nutrition there will also be water and food available at feed stations as per the route maps.

After the event there will be **one free drink and hot snack** available to each participant. In order to claim this, you need to stop in the designated area at the finish line and **hand in your rider pack letter that doubles up as your token (this will be posted out to you in the coming days).**

Take-Away Purchases

Cash is preferred for take-away purchases due to limited signal, we have priced items in £1 denominations to make this easier.

Rider Time Achievements

We have set the following guidance goals for finishers so you can gauge your finish times:

	Gold Time	Silver Times	Bronze Times
25 KM	<1 $\frac{3}{4}$ hrs	<2 $\frac{1}{2}$ hrs	All other finishers inside the time limit.
40KM	<2 $\frac{3}{4}$ hrs	<3 $\frac{1}{2}$ hrs	
65km	<3 $\frac{1}{2}$ hrs	<4 $\frac{1}{2}$ hrs	
80KM	<5 hrs	<6 $\frac{1}{2}$ hrs	

Please note: There will be a cut-off time for all competitors at the Feed Stations at 16:00 (See Route Maps). No riders will be allowed to continue on the courses after this time and will be asked to follow the road back to the Start/Finish area.

Full results will be published at www.yorkshiremountainbikemarathon.co.uk approximately a week after the event.

Rider Route Responsibility

The route will be signed with direction arrows and also cautionary notices, in the unlikely event of vandalism or adverse weather removing these, riders should familiarise themselves with the route information available [here](#).

GPX Files

Please note Birdsall is a working estate and there may be slight route alterations on the day to the GPX files and Appendices. Relevant signage will be in place if this occurs. Please do not solely rely on a GPX file.

Signage

Route Marker Signage

The standard signs for all routes to follow are yellow as per below:

Route Split Signage

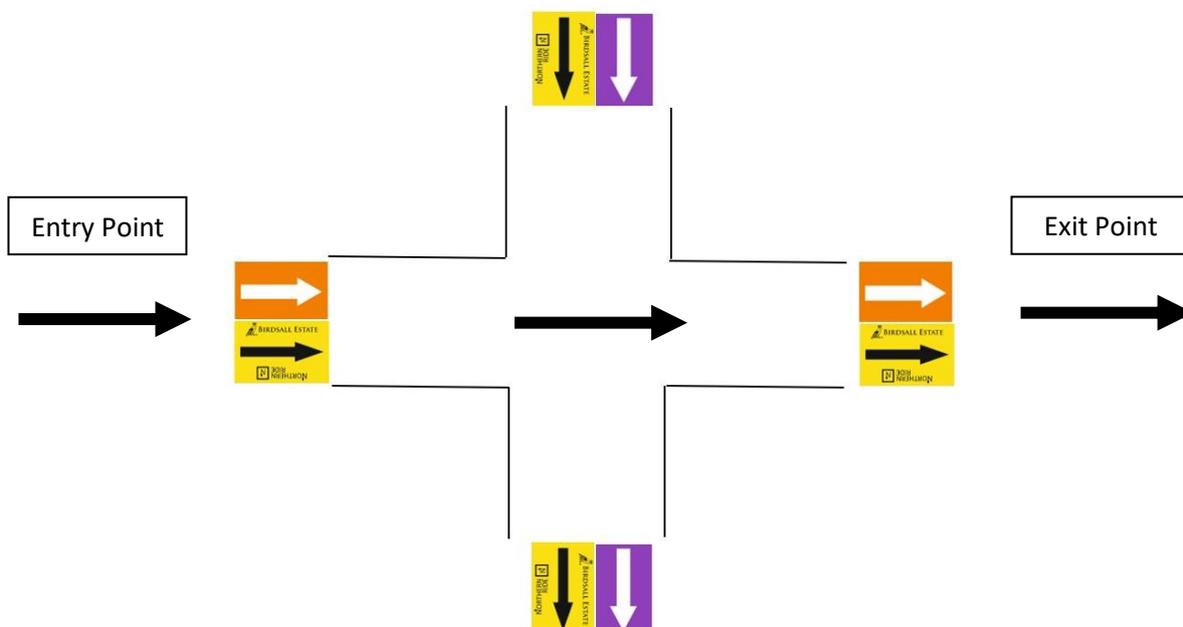

On occasion the 25km route will split from the 40km route (80km follows the 40km route), this will be signed as per below:

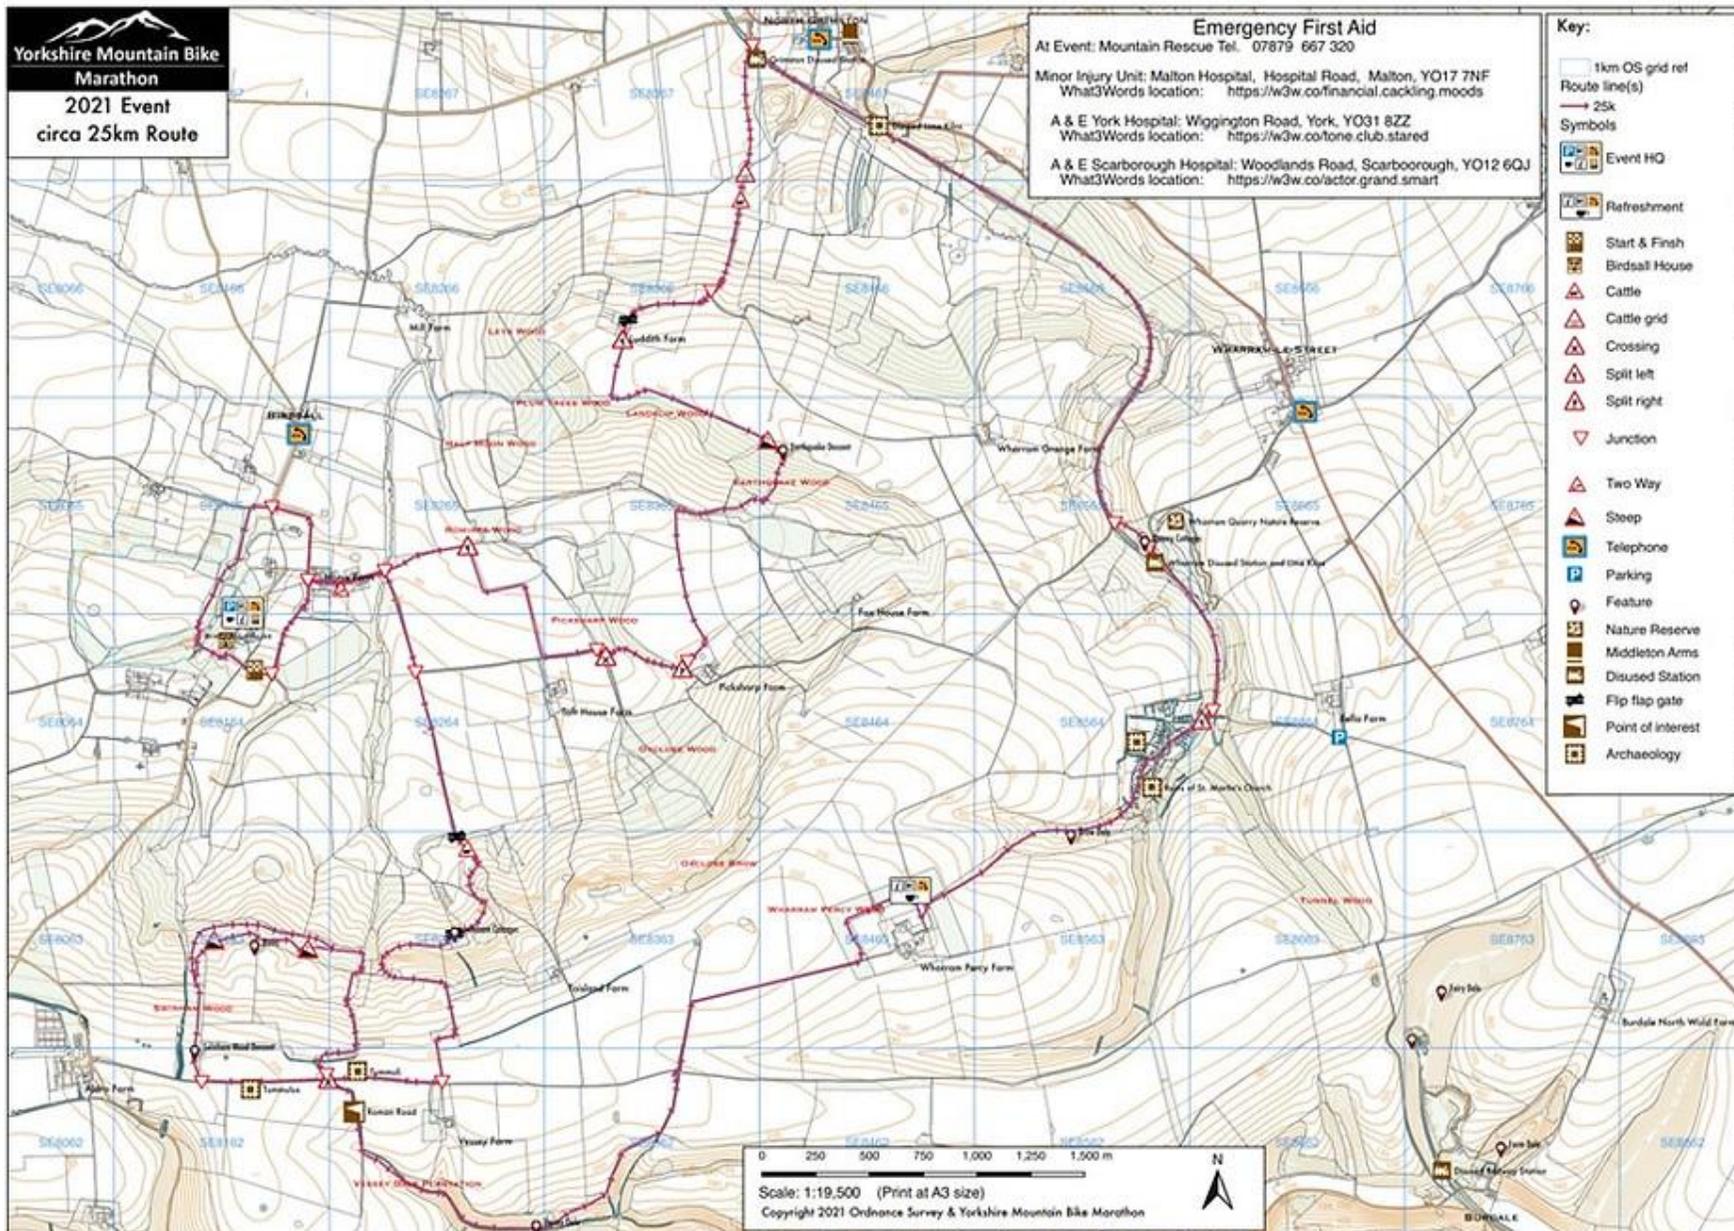

Route Crossing Point Signage

On occasion the route will cross itself meaning riders will be coming from different directions, here an additional orange or purple sign will be put up alongside the yellow signs. See guidance below:

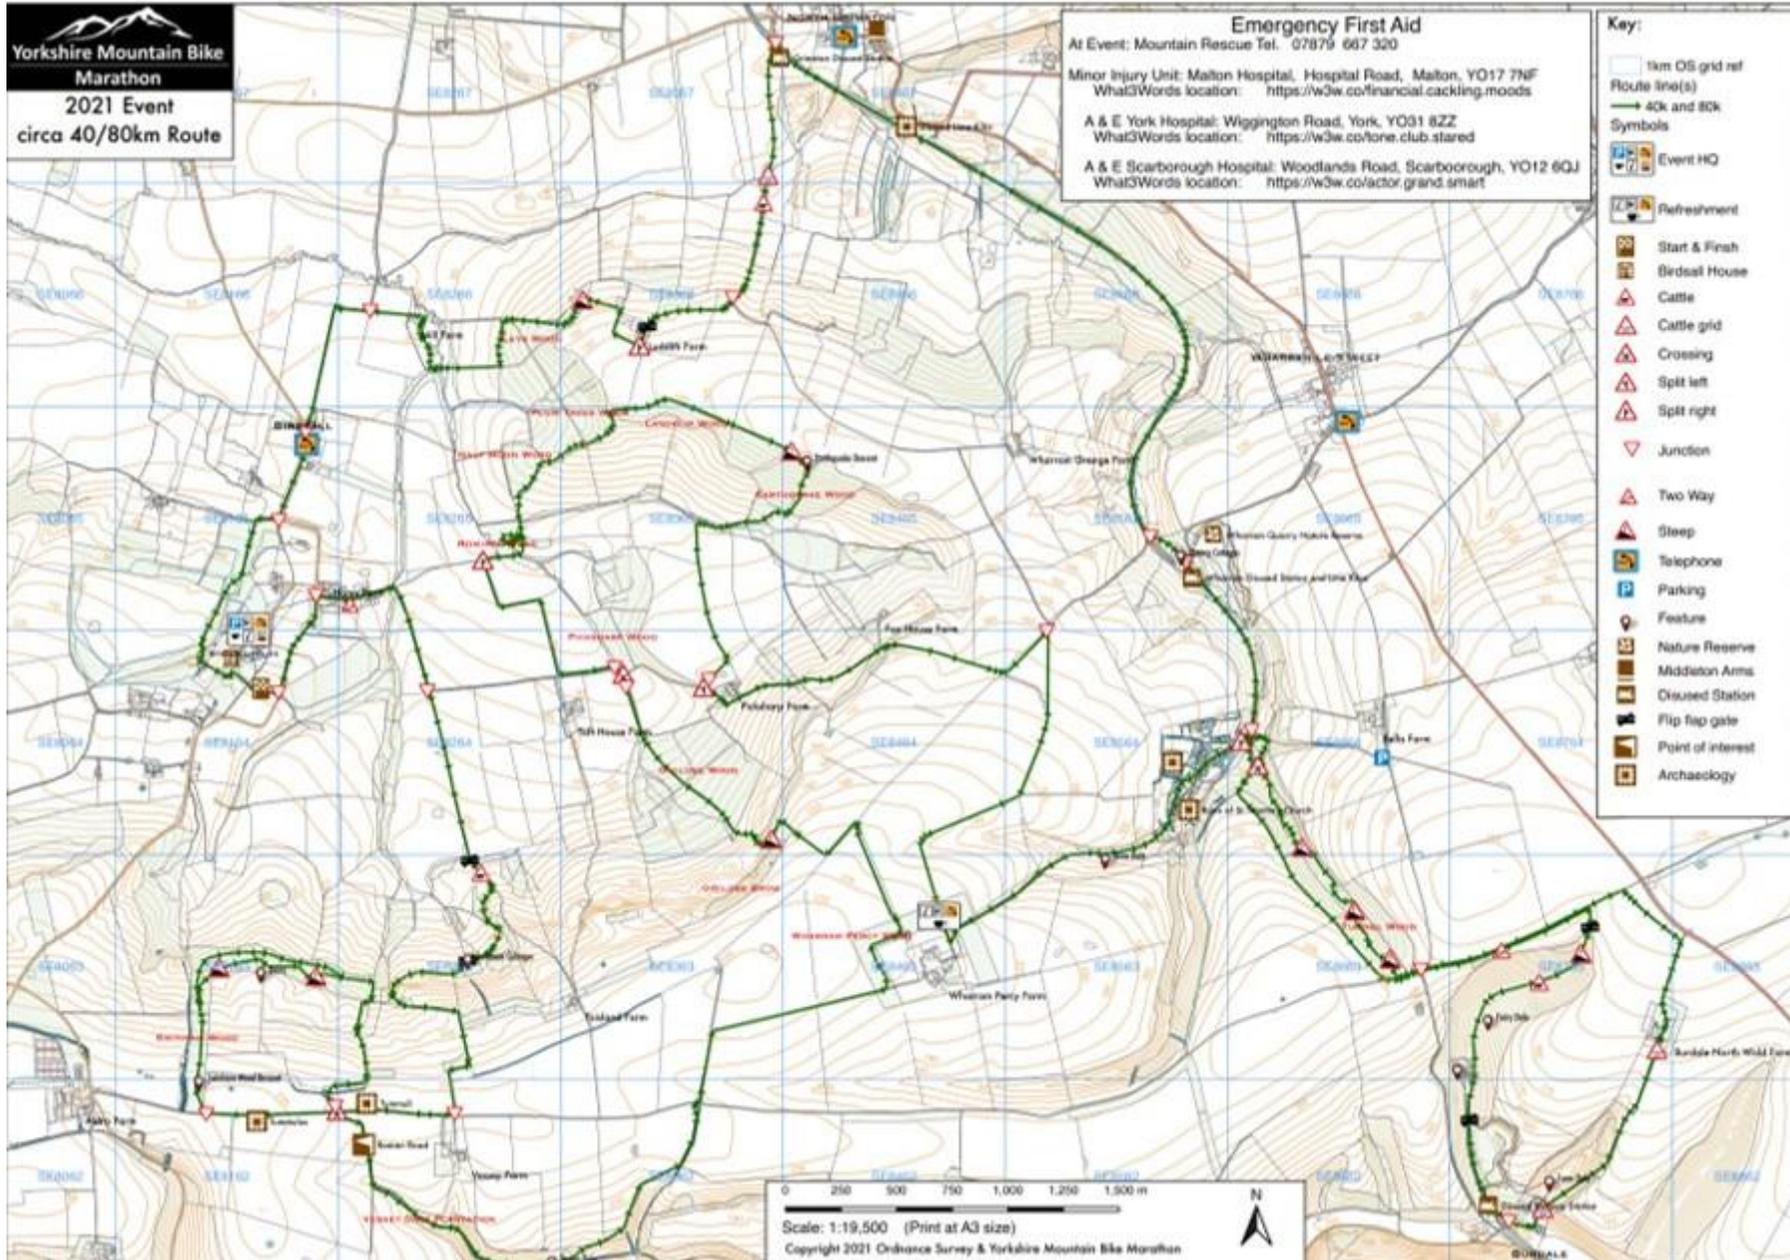

- As you approach a crossing area you will see two signs, the yellow standard sign and an additional coloured sign (Orange or Purple).
- At this point you need to identify the additional coloured sign and ensure you follow this colour across the crossing point.
- To be clear in the below diagram you would see the standard yellow sign next to an additional orange sign, you would continue straight following the standard yellow sign and additional orange sign. You would ignore the standard yellow sign next to the additional purple sign as your entry point was orange.
- If you get confused in this area, go back the way you came to identify the colour of the additional sign (Orange or Purple) from your entry route and proceed as above.

18. Event entry fees cannot be refunded or transferred under any circumstances.

19. The Yorkshire Mountain Bike Marathon Partnership reserves the right to cancel any event, due to extreme weather conditions. In such an event, each participant's entry will be automatically moved to the rescheduled event.
